THE QUICK BROWN FOX JUMPS OVER THE LAZY DOG

12 The dog jumps the brown over his quips and foxing, they liaise; Ockham's Razor.

14 The next day on Facebook's ad blitzes: the jumpy brown, the quivering dog.

16 The dog feels unsympathizingly just having uncovered the quick of the brown—rust-colored like foxed-lace.

18 The quick and lazy late-night monologues: a pixelized brown juggernaut juking all over a frocked dog.

20 The lukewarm pasteurized quiescence of the dog outfoxes the over-jaunty brown.

22 The president on Fox: lazy brown must quit over-reacting, stop judging the old dog, it's a trick.

24 The fact remains that assuming that the sizable, low-IQ brown fuck was jumped, which we cannot prove, the dog, exonerated, only saw.

30 x: Here lies Brown so quietly—a mazy July, a flock of dogged plovers.
